

On Fire

Switchfoot

They tell you where you need to go
They tell you when you need to leave
They tell you what you need to know
They tell you who you need to be

But everything inside you
Knows there's more than what you've heard
There's so much more than empty conversations
Filled with empty words

And you're on fire when he's near you
You're on fire when he speaks
You're on fire burning out these mysteries

Give me one more time around
Give me one more chance to see
Give me everything you are
Give me one more chance to be near you

When everything inside me looks like everything I hate
You are the hope I have for change
You are the only chance I'll take

And I'm on fire when you're near me
I'm on fire when you speak
I'm on fire burning out these mysteries

I'm standing on the edge of me (x4)
I'm standing at the edge of everything I've never been before
And I've been standing on the edge of me, standing on the edge

And I'm on fire when you're near me
I'm on fire when you speak
I'm on fire burning out these mysteries

(x2)
